THE STRAIGHT GOODS
THE STRAIGHT GOODS

What does veteran leader mean?
Did Ricky serve in the military?
“Relentless Pursuit...” please.

Ricky rarely has stepped foot in the offices of Big City Company and sees the workers as a necessary evil showing zero regards for the fact, they are humans.

Ricky’s career as Big City Company is a product of being a friend of the owner and the fact he’ll always say “yes” and do whatever he is told. Backbone, questionable?

He treats his key staff as if they are expendable, saying such things as “Monkeys could do your jobs.”

1 Ricky’s business acumen had him even suggesting representatives approach high school students (at school) to encourage them to skip school for minimum wage – if the student lasted a week, “We can give them a sandwich and a soda. As a bonus.” Seriously.

Ricky is the epitome of White Privilege.

“Working from the ground up...” Who is going to read that and go, wow?

What Ricky didn’t learn at SFU was how to write coherently. Ricky has mastered a middle school proficiency in writing.

Ricky’s primary role at BCC is to allow the owner the freedom to no longer work. And to say, YES. YES. YES.

Ricky claims to empower people; see “A monkey can....”

Jumping to family man: Who cares?

He takes great pride in being a family man unless on the road. Where it is rumoured, he once spent about three hours at a restaurant drinking with a client and his key employees. boasting endlessly about his sexual conquests, regardless of how uncomfortable that made some of the audience feel.

The boasting showed the utmost professionalism.

Ricky ended his boast session by looking at the people he claims to empower and challenging one individual to share his sexual conquest boasts with others. Seriously.
