*I would walk a billion miles. I would walk a billion miles... I would.*

**Bandleader:** Five hundred miles Stephan.

**Colbert:** My name is Stephen, not Stephan, you dick. It's my show bandleader. Smirk. Why did I just say smirk?

Band guys. I love you. What a blabbergasting rendition of I'm Gonna Be by the Proclaimers.

# SPARKLY PINGLE BALL: ON THE LATE SHOW WITH STEPHEN COLBERT

**Colbert:** Welcome to the Ed Sullivan Theater for the first time, the Sparkly that is Sparkling the Pacific Northwest like an Artic Zephyr, Sparkly Pingle Ball.

## INCESSENT CLAPPING CLAPITY CLAP.

Sparkly, welcome. It is my understanding this is your first interview ever. Rumour has it you are the figment of a crazy man's imagination. Is there any truth to the rumour?

**Sparkly:** Go fuck yourself.

**Colbert:** With what?

**Sparkly:** You'll figure it out.

**Colbert:** I do like Red Stripe.

Anyway, Sparkly, origin story please.

**Sparkly:** It all started.

**Colbert:** Wait a second, beat it Oprah, WTF are you even doing here?

**Oprah:** Everyone, look under your seat.

**Audience Member:** OMG. A new car!

**Oprah:** I've given every audience member a new car.

**Colbert:** I don't need to buy their love Oprah. Now beat it, consider yourself cancelled.

**Sparkly:** Over here. This is my time. Interview me, ass.

**Colbert:** Who be you calling an ass?

**Sparkly:** Is that even English?

**Colbert:** My show. My show. My show.

**Sparkly:** I could go on Tucker Carlson.

**Colbert:** I make or break you douchebag. Why are you crying, Sparkly? You are not even real. I'm sorry, can we start over without Oprah?

**Colbert:** Sparkly, I've been a huge fan of yours since your beginning.

**Sparkly:** I'm blushing Steve.

**Colbert:** Call me Mr. Colbert, dickwad.

**Sparkly:** Stephen...

**Colbert:** I'm sorry. Back to your story, tell it. How did you come to be? Oh my, you are dreamy. Can I lick you?

**Sparkly:** Down Steve. My origin, well, I'm a product of the active mind of a genius, a man whose moral compass and nether bits stands proudly due north if he loads up on Macca. A man like no other man ever before, a deity of sorts.

**Colbert:** Oh please. I heard the man has:

ADHDPTSDOCDDVRPVRVHSABCCBSCBCCTVLBGTQIA2SMICKEYMOUSE.

**Sparkly:** He has much more than that Stephen, he also has 12345678910111213141516...

**Colbert:** What are you doing?

**Sparkly:** I'm counting.

**Colbert:** How did you come to be, Sparkly?

**Sparkly:** Same way as you Stephen, when two parts go together, one is what comes out the...

**Colbert:** Frankie Goes to Hollywood?

**Sparkly:** Yes, Relax, Stephen.

**Colbert:** Are we in 1984?

**Sparkly:** I've never been. So, I, guess, no.

**Colbert:** I loved the movie Body Double.

**Sparkly:** Never seen it, Mr. C.

**Colbert:** You should check it out.

**Sparkly:** Can we talk about me?

**Colbert:** Okay, the stage is yours Sparkles.

**Sparkly:** It was the eighth harvest moon of the month, July 2022. An oddity for July. My creator, NW48, was battling crippling depression; it was swallowing him whole like a gender-non-specific porn star. NW48 had been let go by the saints he once worked for at the turn of the decade. NW48 was getting older and being turfed sent him spiralling into uncertainty and erectile dysfunction, but the other way. He cried and shook often. Storms of tears blasted from his eyes regularly. He was drowning in misery.

But NW48 is fucking resilient and has a potty mouth; he has been blessed with a non-defeatist attitude. And a desire to destroy entitled douchebags who are too mentally disorganized to understand how shitty they are as human beings. You know the sort, those who do charity if they can use it to benefit themselves. Philanthropic capitalists.

NW48 will never give up. It doesn't matter how hard depression attacks him; he never quits trying. Instead, he writes, creates, and never gives up.

NW48, got older, with the years slipping by with his canning delivering financial and emotional heartache. Not to be deterred, NW48 kept writing, pitching, creating, trying, crying, and moving (walking + the fitness asylum).

But depression is a fickle beast. Toss in eight or nine deaths of people close to him and a couple of medical emergencies, and NW48's time was running out. And BAMF, he could relax no more. Sleep disappeared. Worry became worrisome. So, what did he do?

He kept writing, pitching, creating, trying, crying, and... treating all others with respect and kindness. Whereas those he once worked for, vowed to find anything to destroy his life, regardless of the other lives they destroyed in the wake of greed and entitlement, NW48 isn't allowed to breathe a word of this to anyone because... fucking legal system.

Anyway, in July 2022, he challenged himself by walking over 1,000,000 steps in the month; his earbuds were to keep him company. Unfortunately, he lost one of them, cried, and he needed a sidekick, and then BAM, me, the one and only Sparkly Pingle Ball, was created. And the world has never been the same since.

**Colbert:** Wow. That's quite a ride, Sparkly.

**Sparkly:** I'll give you something to...

**Colbert:** Stop it. I'm blushing. We must break for messages from our wonderful sponsors. After the break, we will return with Sparkly for the Colbert Questionnaire.

**Sparkly** Stephen, do you think Oprah will go into the Booth of Isolation with me?

**Sparkly** I want to keep talking. I will.

A guy robbed a weed dispensary in Vancouver. He entered brandishing a gun.

The weed store's windows are opaque. It's the law. It is to protect the children. Nobody can see in from the outside (in), or from the inside (out).

Protecting the kids. Please.

The powers that be are afraid if the kids see neatly packaged weed products, they will...?  
Please.

Quit protecting the kids.

I walked up the street with NW48, one day. We passed restaurant after restaurant advertising fried chicken and mega burgers. Convenience stores with advertisements with happy looking children holding drum size surgery drinks... and, and, and...

We must protect the kids.

Please.

Oprah, I'm on my way, don't go anywhere.

**Colbert:** Sparkly?

**Sparkly:** Yes, Stephen.

**Colbert:** Oprah, told me she had to leave, she's giving Kimmel's audience toasters.

**Sparkly:** Isn't Kimmel in LA.

**Colbert:** Six-hour flight.
